

Uniquely designed mounts for ham radio mobile installations

- **Hand-held radios**
- **Microphones**
- **Remote display heads**
- **Cell phone, smart phone and GPS devices as well!**

THE BEST SELLERS

LM-300: Seat bolt mount with AMPS plate and mic button slot. Attach a remote display head bracket to the AMPS plate or attach the **LM-H** or **LM-208H** side grip holders.

Orient the holder vertically or horizontally.
Bend the goose neck for easy reach and best viewing.

LM-500H: Suction cup mount with side grip holder and a mic button slot as well.

Orient the holder horizontally as shown to hold a remote display head, or turn it vertically to hold an HT (or Cell phone, GPS, etc.)

LM-801EXP: Cup holder mount with mic button slot and AMPS plate to attach remote display head brackets. The base expands to fit securely into virtually any size cup holder. The stem pivots, rotates and flexes to provide the most convenient display angle.

LM-H: Optional side grip holder
Holds HTs and remote display head brackets.
Shown attached to the **LM-801EXP**.

LM-H208: Optional narrow side grip holder (max 4.75") (not shown)

Both optional side grip holders attach to:
**LM-300—LM-400EXP—LM-601
LM-1200**
