THE BEST SELLERS

LM-801EXP: Cup holder mount

Insert the base into the cup holder and rotate the adjustment knob. The base expands as you turn the knob and adjusts to fit *securely* into the cup holder socket. Gooseneck stem bends to provide the most convenient access and viewing angle. Included connection options:

- **AMPS plate** to attach your existing remote display head
- **Microphone button/belt clip holder** (below left)

If you are using a remote head bracket, attach it to the included AMPS plate. If you do not have the bracket, two side grip holders are sold separately:

- **LM-H:** Standard side grip holder to hold larger display heads, HTs, Cell phones, GPS units, etc.. (above, right)
- **LM-H208:** Slim grip side-grip holder for smaller display heads (as on the IC-208) Max length 4.75"
